Health & Safety

See accompanying Health & Safety Sheets

Description

Activator is a safe, environmentally friendly, fully biodegradable, nonhazardous and non-flammable graffiti remover suitable for both porous and non-porous surfaces. Activator has a pleasant aroma and can be safely used in confined and enclosed areas. Activator will remove most types of graffiti and is safe for use on all plastics.

Application

Activator is used UNDILUTED

Moquette/Fabric Seats:

Apply directly to graffiti and allow to penetrate.

Rub graffiti with nylon pad or cloth

Wipe over treated area with a clean damp cloth

Repeat if necessary

Painted Surfaces/Plastic Seat backs:

Spray or wipe over graffiti with Activator – leave for 2 minutes

Rinse or wipe over with a clean damp cloth

Repeat if necessary

Hard Surfaces & General Use:

On very old graffiti you may need to agitate the graffiti with a green nylon pad soaked in Activator

N.B. Highly solvented graffiti removers can permanently damage paint work and plastics

Equipment

Clean Cloths • Clean Water • Nylon Pads • Green Pads
